LA FOLLETTE PLANS.

He Will Make a Tour of the Middle West.

Washington, Oct. 13.—Senator La Follette of Wisconsin, progressive Republican leader, yesterday decided to start early next month on a speech-making tour through the middle West. The tour will last until Congress meets in December. It will embrace the Dakotas, Minnesota, Iowa, Kansas, Nebraska, Missouri, Oklahoma, Illinois, Indiana, Michigan, Mississippi and probably Ohio. The itinerary has not been arranged. Senator La Follette will make eight or ten feature speeches and numerous brief ones.

Senator La Follette said if he did not visit Ohio on this trip he would during the Christmas holidays.

FAME AND HONOR.

Aviator Rodgers is Seeking Nothing Else, He Says.

Kansas City, Mo., Oct. 13.—Fame and the honor of being the first to cross the United States from ocean to ocean in an aeroplane are now the only incentives for C. P. Rodgers, the aviator, to continue his flight across the continent.

Rodgers said yesterday that he realized he had started too late on his journey from New York to reach Los Angeles

M'NAMARA TRIAL HALTED

Counsel Confers With Brothers in Their Cells

GAS EXPLOSION IS DEFENCE

Work of Selecting Jury Resumed Today on Reconvening of Court—This Will Take Up Many Days' Time.

Los Angeles, Cal., Oct. 13.—James B. McNamara, on trial here before Judge Bordwell, in the superior court, for the murder of one of the twenty-one men killed in the Los Angeles Times explosion of October 1, 1910, spent yesterday in his cell, as Columbus day observance prevented a session of the court. The lawyers for the defense were in consultation with the two McNamara brothers for several hours yesterday, conferring on the details of the case to be made out for the alleged wholesale dynamiters. Clarence S. Darrow, chief counsel for the accused, indicates that his line of defense will be to show that an explosion of gas and not of dynamite was the cause of the catastrophe. The death of Charles J. Haggerty has been taken as a basis for the murder charge by the prosecution, because this machinist's body was found nearest the heart of the explosion. The prosecution will contend that dynamite set off by clockwork killed Haggerty.

The defense is insisting on a clear statement of each man's attitude toward the question of organized labor in examining witnesses for the jury. Eleven men have been temporarily selected and spent Wednesday night under lock and guard. To-day they will be subjected to further quizzing.

While in the court room and on their journey to and from the jail, the McNamara brothers will be closely guarded by a squad of the William J. Burns detectives as well as the regular district attorney's detectives.

When court reconvened to-day, the examination of the veniremen was resumed.

FOND DU LAC BENDS THE KNEE TO TAFT

City in La Follette's State Which Cancelled Invitation Apologizes and Renews It—Trouble Due to Oshkosh.

Salem, Ore., Oct. 13.—The Fond du Lac incident, the most interesting connected with the recent travels of a president, was officially declared closed on board the Taft special when it stopped for several hours here yesterday on the way to Sacramento and San Francisco. And President Taft is looking forward to his visit to Fond du Lac, in the insurgent state of Wisconsin, with an interest greater than that felt in any other city on his 13,000 mile itinerary. The indications are that there will be a big time there on Taft day, Oct. 20.

For awhile it looked as though the gates of the city were to be closed against the chief executive of the nation, all because the people thought it was Oshkosh—that wanted to be treated a little more liberally in the division of the president's time on a busy October day in the home state of Senator La Follette, a rival candidate for the Republican nomination in 1912.

In order to give Appleton a little more equitable treatment it was necessary to cut down some of the time allotted to Fond du Lac. This caused the storm clouds to lower, and, while the tempest raged, the telegraph wires were kept hot with messages, which chased the presidential train all the way from Cheyenne to the Pacific coast. The mayor of Fond du Lac announced that if Fond du Lac could not meet Mr. Taft for two hours and a half they didn't want him at all. This decision apparently was not unanimous, however, for there were other telegrams sent urging the president to come to Fond du Lac, even if it be only for a few minutes.

The announcement having been made from Fond du Lac several days ago that the city had withdrawn its invitation to the president and would refuse to entertain him, the entire official correspondence—by telegraph—was given out here to make the situation entirely clear. This correspondence made clear the misapprehension concerning Oshkosh. The final communication received on the presidential train from the mayor and the chairman of all the committees poured oil on the troubled waters, renewed the invitation, announced that a misunderstanding had led to "hasty action," and promised a hearty welcome.

So, Fond du Lac will entertain Mr. Taft for an hour and a half, instead of two hours and a half on the afternoon of Thursday, Oct. 26.

50,000 FANS EXPECTED.

Preparations at New York For Opening Game of World Series.

New York, Oct. 13.—Immediately after the conclusion of yesterday's games, which marked the close of the National league season, a large force of workmen set to work grooming the diamond and putting the finishing touches on the massive grandstand at the Polo grounds in preparation for the 50,000 who are expected to witness the first game of the world series Saturday. Conditions surrounding the opening sale yesterday of tickets for the three games scheduled to be played here indicate record breaking crowds.

All members of the New York team were reported last night in good condition. It has not been decided whether Mathewson or Marquard will pitch the opening game.

ONTARIO ELECTIONS.

Changes in Premier's Cabinet Are Predicted.

Ottawa, Ont., Oct. 13.—Sir James Whitney, premier of Ontario, has decided to dissolve the legislature soon and hold the general elections in Ontario early in December. Several changes are to be made in the Ontario cabinet.

WOMEN WIN IN CALIFORNIA

Woman Suffrage Carries the Day

SHOWN BY LATEST RETURNS

Majority of 1,678 for the Amendment to the Constitution—This Change Brought About by Late Returns From Rural Districts.

San Francisco, Cal., Oct. 13.—Woman suffrage has triumphed in California. Returns late yesterday showed a majority of 1,678 in favor of the amendment.

Totals early last night were: For suffrage 119,086; against 117,408. Majority for the amendment 1,678.

These figures represent the returns from 2,717 precincts out of a total of 3,121 in the state. Virtually all of the remaining precincts are in counties which have given suffrage majorities.

So overwhelming was the vote in favor of the later important amendments—that initiative and referendum and the recall, including the judiciary—that abolition of the returns was suspended with nearly a third of the precincts remaining unreported. The final count taken showed the following results: For the initiative and referendum 138,181; against 144,850. For the recall 148,572; against 46,200.

OREGON TO BE THE FIRST Battleship to Have Honor of Opening Canal.

Salem, Ore., Oct. 13.—President Taft in his address here yesterday promised the people of Oregon that the battleship Oregon, would be the first vessel to pass through the Panama canal if he had power at the time to arrange it.

Leaving here at 11 a. m., the president started on a 24 hour run down the coast to Sacramento, Cal. Only few brief car-end speeches were scheduled for the trip.

ORDERED TO DISSOLVE.

Court Decides Against the General Electric Co. at Toledo.

Toledo, O., Oct. 13.—The so-called "electric trust" case was decided here yesterday, when the United States district court rendered a decision in favor of the government. In bringing the suit the government had charged the General Electric company with violation of the Sherman anti-trust law. The court orders the dissolution of 35 subsidiary corporations of the General Electric company.

2,000 Stone Pieces in One Body.

Boston, Oct. 13.—Dr. Edmund Myers, a surgeon, has brought suit here for \$2,500 for services in removing 2,000 pieces of stone and other foreign substance from the body of B. R. W. Wright of Newtonville. Mr. Wright is the inventor of a "safety" smokeless powder for blasting purposes.

SHE HAD CONSTANT PAIN

Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Dewittville, N.Y.—"Before I started to take Lydia E. Pinkham's Vegetable Compound I suffered nearly all the time with headaches, backaches, and bearing down pains, and had a continuous pain in my left side. It made me sick if I tried to walk much, and my back was so weak that I was obliged to wear corsets all the time. But now I do not have any of these troubles. I have a fine strong baby daughter now, which I did not have before taking Lydia E. Pinkham's Vegetable Compound."—Mrs. A. A. GILES, Route 44, Dewittville, N.Y.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham of Lynn, Mass. invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

ROYALISTS DEFEATED.

Beaten by the Republican Forces in Portugal.

Lisbon, Oct. 13 (via frontier).—The royalists, taking advantage of a storm Tuesday night, made a foray from their mountain strongholds in the direction of Vinhais. Republican troops intercepted and engaged the enemy at close quarters.

The royalists finally retired, leaving several dead and wounded on the field. Colonel Bardeja, commandant of the 10th regiment stationed at Braganca, was relieved of his command Wednesday and ordered tried by a court-martial. He is accused of dilatory actions.

Novice's Bad Fall.

Charleville, France, Oct. 13.—M. Horta, a student of aviation, while practicing at a height of 30 feet yesterday, fell, receiving internal injuries which it is expected will cause his death. His machine capsized.

DICTIONARY FACTS

Since The Times started its distribution of Webster's New Standard Dictionary, over 1200 copies have been disposed of, and the fact that many of the first purchasers are now bringing in coupons for additional copies is sufficient evidence of merit.

A leading banker came in the other day and got a second copy, remarking that it was a fine book, and that while he had one of the large dictionaries he found that the small one answered all purposes, and its convenience, large size type and flexibility were some of the features that made it the most practical book he has seen. He has one for his home and one for his desk in the bank.

We have had hundreds of people compliment this handy and complete book, and from the fact that every purchaser is enthusiastically recommending it to friends, we expect to have a Times Dictionary in every home in Barre and surrounding towns before the distribution is over.

This Illustration Shows the \$2.50 Book

Greatly reduced in size (actual size 7-3/4 x 5-3/4 inches): It is in full, limp, flexible binding of genuine leather, printed on strong Bible paper from new type, and illustrated in color.

Here are the Helps that Cooks have wanted

Crawford Ranges

supply them—no others can!

The Single Damper (patented); one motion—push the knob to "kindle," "bake" or "check"—the range does the rest. Damper mistakes impossible.

The Ash Hod in the base (patented). The ashes fall through a chute into a Hod, all of them, making their removal safe, easy, cleanly. The Coal Hod is alongside, out of the way.

The Oven has cup-joint heat flues that heat it in every part alike. No "cold corners," no "scorching spots."

The Fire Box and Patented Grates enable a small fire to do a large baking.

Ask the Crawford agent to show you. Write us for circulars.
